FRONT OF HOUSE

PA in good condition, powerfull enough to supply 108dB (A) @ any place of the venue.

Desk of at least 24 CH, 6 Pre-Auxes for Monitoring & 2 Post-Auxes for FX.

At least two Reverb Engines & 1 Digital Delay with tap.

31 Band Graphic Eqs on each way of the monitoring and on the PA.

At least 4 Compressors (pref. 10).

DIGITAL DESKS ARE VERY WELCOME!

STAGE

MONITORING:

Our Drummer uses his own Yamaha 01V96 digital desk to mix his own In Ear Mix. He provides a stagebox where all the miks on stage have to be plugged. He splits the lines and provides a fanout to the stagebox of the local PA. If the local PA provides snakes und sub-stageboxes, please keep in mind that all the lines have to pass through the desk of the drummer!

Min 6 ways on 7 wedges

Way 1: Keyboarder, 1 wedge

Way 2: Lead Vocals, 2 wedges

Way 3: Horns, 2 wedges

Way 4: Bass, 1 wedge

Way 5: Drummer, In-Ear, mono, on XLR

Way 6: Guitar, 1 wedge
